

# THE MacTUFF® UP/DOWN LETTER

## METHODICAL INVESTING WITH THE MacTUFF® UP/DOWN FORMULA

*“Anyone can make money in the market. It can be utterly easy and simple. But no one knows that.”* —Ellen Wall

Question: What should a methodical investor do in a dangerous market?

Answer: Use signals from an up/down formula like MacTuff, which profits as much from downtrends as from uptrends, designed to average a steady 18% a year!

P.Q. and Ellen Wall say,

*“It’s not too good to be true!”*

## METHODICAL INVESTING WITH THE MACTUFF® UP/DOWN FORMULA HAS 3 COMPONENTS FOR CONSISTENT PROFITS:

1. An up/down formula profiting from both up and down moves like MacTuff® (or one as good, if you can find it)
2. The secret of inner determination to control your future with the Guardian Shadow Philosophy.
3. To speed the process, the undreamed of power of compounding growth.

*‘If a steady 18% per year is available, an investor is crazy to keep trying to hit home runs out of the park.’*

—Ellen Wall

## THE M<sup>ac</sup>TUFF<sup>®</sup> UP/DOWN LETTER

### METHODICAL INVESTING WITH THE M<sup>ac</sup>TUFF<sup>®</sup> UP/DOWN FORMULA

LET ME HELP YOU GROW YOUR MONEY BY SENDING  
YOU MY M<sup>ac</sup>TUFF<sup>®</sup> SIGNALS AND MONTHLY LETTER  
ONLY \$99 A YEAR!

The M<sup>ac</sup>Tuff<sup>®</sup> Up/Down Formula was invented and engineered  
by my brilliant husband, P.Q. Wall, for:

- A. Safety and consistency
- B. Making as much money on downtrends as uptrends
- C. Being able in a retirement plan to bring average gains of 18% per year. Of course past performance never guarantees future results, we are averaging more than twice that so far in the first half of 2003.
- D. Vacation from worry.

Simply follow around five signals a year. No knowledge, experience,  
market monitoring or time necessary. Spend your time making more  
money to put into this system!

## YOU DO NOT DREAM OF THE POWER OF COMPOUNDING GROWTH!

A lump sum of \$7736 compounding at 18% a year will in thirty years amount to \$1,091,140.  
\$2500 per year will reach a million in twenty-four years.
